The Mayor's Ball followed the second Economic Forum of the Czech Republic. The forum gathered dignitaries from the Czech and European public spheres, including ambassadors, ministers, mayors, district commissioners and city managers, to discuss the economic achievements of Czech municipal authorities, the biggest investors in the state. European Union planning for the coming years and the Czech Republic's EU presidency in 2009 were also on the agenda. The aim of the forum is to develop national cohesion and unify municipal and state strategies in economics and fiscal management. Both events were organized by Regionservis s.r.o.
